

Arrival Directions: 106, 110, 116, 122 St Stephen St (8/30 & 8/31)

Unloading Location: **North Lot** → Parking Location: **Columbus Garage** → Check-In Location: **North Lot**
(Rain Location in Light Hall RA Office)

Please note: 106-122 St Stephen Street has a stair entry which cannot be equipped with a ramp. Please plan accordingly when packing and when loading hampers, which cannot be pushed into the building. Limited move support will be present at the entries to assist; however, heavy moving carts still cannot be loaded into the building.

1. If you are arriving by car to campus you will first need to proceed to your Unloading Location at North Lot. Please use [this link](#) as a location for driving directions.
2. At North Lot, move support will be present to direct traffic and to assist with unloading your belongings from the car into one or two moving hampers. You will need to leave a Government Issued ID in exchange for your hampers.
3. Should you require a place to park after unloading, the driver of your vehicle will be able to park with your parking pass in Columbus Garage. Please use [this link](#) as a location for driving directions. To enter Columbus Garage, the driver can take a ticket at entry, and will need to present the day specific parking pass and scan code at exit. Links to the day specific parking passes and codes can be found below. **There will be no oversized, over height (over 6'8" including roof racks/storage), or overnight parking.**
4. While your vehicle is being parked, you can proceed to your check-in location, North Lot, to check in with Residential Life Staff. Please note that the rain location of Light Hall is slightly not on the path to 106-122 St Stephen St. If you have an additional person with you, we recommend one member of your party remaining in North Lot or near 106-122 St Stephen St with your belongings while you proceed to Light Hall. If you are driving yourself, the move support will hold your hamper until you return after parking and checking-in.
5. After checking in, proceed to your assigned residence hall room, unload your hamper, and then return your hamper to North Lot.
